- **Module in the Degree Program:**
- Degree in Audiovisual Communication: Module IV. Production-Management. Subject 1. Economic and business context.
- Degree in Journalism: Module IV. Management of news content. Subject 2. Communication Structure and Markets.
- **Number of credits:** 6 ECTS
- **Year:** 4º, second term
- **Type of course:** Required
- **Instructors:** [Pablo Frauca](#). Coordinator: [Mercedes Medina](#)
- **Language:** English
- **Room, lecture schedule:** Wednesday, 17:30-19:15 Room 13 and Thursday, 17:30-19.15 Room 2

LEARNING OUTCOMES (Competencies)

Degree in Audiovisual Communication

1. KNOWLEDGE

RA2 - Knowing and assessing the impact of audiovisual communication in its multiple dimensions: social, cultural, historical, economic, business, legal, scientific, deontological and technological.

2. SKILLS

RA11 - Students should be able to convey information, ideas, problems and solutions to both specialized and general audiences.

RA12 - Expressing thoughts and ideas in speech and writing in an accurate, orderly, creative fashion, in the field of commercial and institutional communication.

RA14 - Apply teamwork and leadership skills aimed at responsible decision-making and problem-solving.

3. COMPETENCIES

Universidad
de Navarra

RA19 - Students should be able to gather and interpret relevant data (normally within their field of study) in order to make judgments that encompass consideration of social, scientific and ethical topics

RA20 - Students have developed the learning skills necessary to undertake further studies with a high degree of autonomy.

RA24 - Knowing the basic principles of direction and management of audiovisual communication companies (production, distribution and exhibition/dissemination).

RA28 - Analyse audiovisual formats in the context of the structure and markets of audiovisual communication.

Degree in Journalism

1. KNOWLEDGE

RA2 - Understanding and valuing communication in history, economics and business, law, ethics and technology.

RA8 - Describing the media market from content production to consumer habits.

RA9 – Being familiar with the structures and operations of media companies: their organizational models, management strategies, and systems of content production and distribution.

2. SKILLS

RA11 - Students should be able to apply their knowledge to their job or vocation in a professional way. They should be able to prove their general competencies by developing and defending arguments and solving problems within their subject area.

RA12 - Students should be able to convey information, ideas, problems and solutions to both specialized and general audiences.

RA13 - Expressing thoughts and ideas in speech and writing in an accurate, orderly, creative fashion in order to make information available to society.

RA21 - Detecting and correcting mistakes made in the creative and organizational processes of editing, development and production of information products.

3. COMPETENCIES

RA22 - Students should be able to gather and interpret relevant data (normally within their field of study) in order to make judgments that encompass consideration of social, scientific and ethical topics.

RA23 - Students should have developed the learning skills necessary to undertake higher programs of study with greater independence.

RA28 - Identifying the ethical foundations of the journalistic endeavor and applying them to professional reality.
