EXTRAORDINARY CALL

Certain situations may arise, like the ones described below. However, **in order to pass the subject, it is necessary to pass both parts (continuous assessment and SE3)**. Students who fail either part will receive a final grade of 4.0.

1. Students fail the subject when they receive a grade of less than 5.0 in the partial and final assessment, but pass the continuous assessment.

In this case, the grade in the continuous assessment remains valid and the student must take an exam on the entire subject. The weight of the continuous assessment and the partial and final assessment remains valid as in the ordinary session.

2. Students fail the continuous assessment.

In this case, the grade of the partial and final assessment remains valid and, on the day of the exam of the extraordinary session, students must submit the assignment specified by the professors. The weight of the continuous assessment and the partial and final assessment remains valid as in the ordinary session.

3. Students fail both parts of the subject.

In this case, the final grade of the subject is the one from this session, which may be higher or lower than or the same as (including a failing grade) the grade on the exam in the ordinary session. In addition, students who request to attend an exam, but fail to show up will be recorded as a "No Show" and will have to take the subject again.

In this assessment, on the day of this session, students must take the exam for the partial and final assessment and submit the assignment specified by the professors. The weight of the continuous assessment and the partial and final assessment remains valid as in the ordinary session.
