- Study strategies and tips for each of the exam exercises.

III. Becoming accustomed to the exam

- Practice handling and using the computer-based format of the exam.
- Complete at least 1 full practice exams available in the Computer Room.

PROGRAMME

Class time covers the various requirements and guidance on how to complete the skills needed for the TOEFL exam.

As the course progresses, the student will apply these to practical requirements for completing the tasks within the time constraints of the exam for each skill set.

This will make use of the practice tests on the computers, and students will be able to monitor their progress.

Each part of the exam will be introduced, analysed and practiced during the first 8 to 10 class sessions in the classroom. This practice is reinforced with additional grammar and vocabulary exercises both in-class and also made available on ADI.

All parts of the exam are then re-examined over the remaining class sessions making use of the Computer Room to manage the requirements for Online Examination processes.
