PREREQUISITES

This course is for students of Spanish as a second language with little or no experience with the language. **This course is NOT for heritage learners or native speakers of Spanish.** ILCE identifies as heritage learners those students who, because of family background or previous social experience, already have some passive knowledge of the language and generally understand the spoken language in its basic form, even though they may not be able to speak or write the language. If you have questions about which course to take at ILCE, consult with your instructor/advisor immediately.

OBJECTIVES

1. Understand the basic grammar of Level A based on the Common European Framework of Reference.
2. Understand the meaning and application of distinct grammatical structures at this level.
3. Reflect on the grammatical structures of the Spanish language.
4. Ability to use the acquired knowledge in different contexts.

ACADEMIC APPROACH

The program focuses on the development of written and oral communicative abilities in Spanish through an interactive activity-based approach. Courses are based on active learner participation. Students are expected to engage in interactive small and large-group activities. The different tasks presented in class will require students to use Spanish in multiple

EVALUACIÓN

Universidad
de Navarra

CONVOCATORIA ORDINARIA

La evaluación y las notas reflejan las actividades y materiales de instrucción del curso. Se evaluará al estudiante con base a los objetivos del curso y los siguientes componentes:

- Participation in class: 10%
- Homework: 10%
- Project: 25%
- Achievements 1: 25%
- Achievements 2: 30%

IMPORTANT:

No additional extra credit will be given under any circumstances.

To be able to make up an exam or other material if the student is absent that day, they must 1) notify the professor in advance if they will not attend the class and 2) provide a justification (official documentation) and turn it in as soon as possible.

As a general rule, exams and tests will not be rescheduled. In case of illness, the student must present an official medical certificate (specifying that the illness prevents the student from attending class on the date of the test). In case the test coincides with an important appointment (medical appointment, embassy or police appointment, etc.), an official receipt stating the date and time of the appointment will also be required. If these documents are presented, the ILCE board will consider the possibility of rescheduling. The simple presentation of a voucher does not necessarily guarantee a change of date. In no case will exam and test dates be changed to accommodate student travel. Other cases and particular situations will be discussed within the ILCE board.

ATTENTION: Please note that any attempt at fraud, copying, plagiarism, or other irregular behavior constitutes a serious offense, as outlined in Title IV, "Academic Disciplinary Rules for Students," within the University of Navarra's rules for coexistence.

CONVOCATORIA EXTRAORDINARIA

The student is responsible for notifying the instructor no later than one week after the final course grades are published if they are going to do the "Convocatoria extraordinaria". In the "Convocatoria extraordinaria", students can complete a new final exam that will be worth 100% of the final grade in the course.
