## PRESENTATION

### Course description

*Second part* of a two-semester program designed to further develop learners' confidence, autonomy, and precision in English at the C1 (Advanced) level. The course balances the refinement of language systems with advanced communication skills across all four core areas: reading, listening, speaking, and writing.

Through the integration of authentic, challenging content and real-world themes, the program cultivates not only linguistic competence but also academic literacy, critical thinking, and intercultural awareness. Learners are encouraged to engage with complex ideas, express themselves fluently and persuasively, and adapt their language to various formal and informal contexts.

This course is intended for students of English as a foreign language who have successfully completed a B2 level or its equivalent.

To enrol, it is necessary to take a placement test at the Instituto de Idiomas:
