RESULTADOS DE APRENDIZAJE (Competencias)

BASICAS Y GENERALES:

- CG3 - To enable students to formulate their own conclusions and judgments based on reports, studies, and opinions already formulated by other authors regarding financial intermediation.
- CG4 - To encourage students to contrast their own opinions with those of others and critically evaluate others' opinions in financial matters.
- CG6 - To facilitate clear and effective oral and written presentation of financial topics.
- CB7 - To enable students to apply the acquired knowledge and their problem-solving abilities in new or unfamiliar environments within broader (or multidisciplinary) contexts related to their field of study.
- CB8 - To equip students with the capability to integrate knowledge and confront the complexity of making judgments based on information that, even when incomplete or limited, includes reflections on the social and ethical responsibilities linked to the application of their knowledge and judgments.
- CB9 - To ensure that students can effectively communicate their conclusions, along with the underlying knowledge and ultimate reasons that support them, to both specialized and non-specialized audiences in a clear and unambiguous manner.

ESPECIFICAS:

- CE2 - To facilitate the location of specialized materials (reports, articles, data) related to various aspects of banking business in libraries, on the internet, in archives, in accessible databases, etc.
- CE9 - To possess advanced knowledge of the evolution of banking business (internationalization, technology, information systems, data protection, cybersecurity, etc.).
